

Mukesh T S

Full Stack Engineer | Node.js, TypeScript, React, PostgreSQL, Redis

+919481986729 | tsmukesh51@outlook.com | [linkedin.com/in/tsmukesh51](https://www.linkedin.com/in/tsmukesh51) | github.com/tsMukesh51

Professional Summary

Full Stack Engineer with 2+ years of experience building scalable backend systems and internal tools using Node.js, TypeScript, and PostgreSQL. Experienced in designing data models, implementing validation systems, and optimizing application performance for real-world use cases.

Built and maintained ERP modules and automation systems that improved operational efficiency with strong focus on writing maintainable code, solving complex backend problems, and improving observability using tools like Redis, Datadog, and structured logging.

Worked across the stack with React, while primarily focused on backend architecture, APIs, system design, performance, and building scalable, production-ready applications.

EXPERIENCE

Full Stack Developer

Apr 2025 – Present

WebSpruce Software Solutions

Bengaluru, Karnataka

School/College ERP Platform

Node.js, Express, MongoDB, React

- Built ERP modules for fee collection, marks, attendance, reports, SMS communication, tasks, notifications, and role permissions across Node.js/Express/MongoDB backends and React frontends.
- Implemented fee, receipt, deleted-receipt audit, marks, exam, and attendance workflows with PDF/Excel exports using MongoDB aggregation, Puppeteer, Handlebars, and ExcelJS.
- Built React admin interfaces with React Query, Tailwind/MUI, protected routes, filters, file uploads, loading states, and PDF/Excel download actions.

Note For Approval Workflow System

TypeScript, Hono, PostgreSQL, Drizzle, Zod,

React

- Led development of an internal NFA approval workflow using Hono, TypeScript, PostgreSQL, Drizzle ORM, Redis, Zod, React/Vite, TanStack Query/Table, React Hook Form, dnd-kit, and LexoRank.
- Implemented dynamic request-detail forms, runtime validation, member-management workflows, cursor pagination, reusable API wrappers, and typed table/list components.

Junior Software Engineer

Dec 2023 – Mar 2025

Cognizant Technology Solutions

Coimbatore, Tamil Nadu

Insurance Client Production Support

Splunk, Datadog, MySQL, JIRA

- Triaged production issues for an insurance-domain client application using Splunk, Datadog, MySQL queries, JIRA tickets, and documented support runbooks.
- Coordinated with support and development teams to reproduce defects, share logs/query outputs, validate fixes, and document API/error-triage processes.

Node.js Automation and Observability

Node.js, CSV/XLSX, Datadog, Splunk

- Built automation scripts to process and transform Excel data, reducing manual effort by 2–3 hours per employee weekly.
- Designed Datadog/Splunk dashboards, saved searches, monitors, and alerts using YAML/Terraform-style configuration, improving system visibility and reducing fault identification time by ~70%.

PROJECTS

DrawInSync | *NextJS, Express, WebSockets, PostgreSQL, Docker*

In Progress

- A real-time collaborative drawing platform enabling multiple users to draw on a shared canvas simultaneously by interactive drawing using WebSockets, implemented with HTML5 Canvas APIs.
- Designed backend services to handle concurrent updates and ensure state synchronization across clients.

TSM Lifestyle | *JavaScript, HTML, Tailwind, Shopify Liquid Live* (pass: sE cure)

Jul 2023 – Aug 2023

- Developed a custom e-commerce storefront with product listings, collections, and dynamic product views.
- Implemented client-side logic for variant selection, price updates, filtering, and add-to-cart workflows using JavaScript.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, SQL

Backend: Node.js, Hono, Express, REST API Design

Frontend: React, React Query, RHF, Tailwind CSS, Shaden

Databases: PostgreSQL, MongoDB

Tools & Technologies: Redis, Docker, Git, Terraform, Datadog, Splunk

Other: WebSockets, Zod, Problem Solving

EDUCATION

B.E in Electronics and Communication Engineering

Global Academy of Technology (VTU), Bengaluru

Jul 2019 – Jun 2023
